Hello! I have had so many “happenings” in my life, I wanted an easy and comprehensive method to catch up with you. Hence this newsletter. I used to write these in the early days of my career, then I got too busy. Well now that I am “slowing down” and becoming semi-retired I want to reconnect again.

Yes I will still be doing my healing work and massage BUT over the next two years I intend to slowly wind down. If you have been meaning to book in for a session, please do so as soon as possible. I've also attached a brochure which gives in detail some of the modalities I am offering.

Life is Good! I am walking strong and straight into the rest of my time here on Mother Earth.

Join me as I share many ideas, events, products with you.

Lot's of changes are about to take place, let us walk together through these trying and empowering times.

Turning 65 !!

Well I survived this mile post! The last time I had such a hard time accepting a birthday was age 49. Actually I feel much younger now than I did then. My health is very good, my knees hurt less and less every day and I am very much look-

ing forward to having the time to read even more, walk more, and with luck do some “Canada” travel. If anyone of you want a travel partner, let me know, I might join you! Which brings me to the next subject, my Peru trip. Read on

Peru 12.21.12

I left on December 4, 2012 and returned on December 24, 2012.

This very Sacred Journey with Elders, Spiritual Leaders, Priests, and Wisdom Keepers was the highlight of my life. These

amazing people were very generous in sharing their vast and ancient knowledge and conducted many ceremonies on this fifteen day journey. We participated in a minimum of twenty-three ceremonies.

This opportunity allowed me to participate energetically and with intention in the culmination of the Grand Year of the Mayan Calendar, and to include our Sacred Spirits as catalysts to the evolution of

The human spirit and consciousness. I truly believe that each step of initiation and ceremony, really assisted in creating a clear path to our future as humanity.

I am still processing the ramifications, results and ongoing energetics of this

most sacred journey. One of these days I will offer a workshop during which I will present the profound experiences of this journey. There is so much to speak about, if you are interested in participating, let me know.

Original Artwork for Sale

Many of you have admired my artwork over the years. Well I am selling. Here are some photos.

3. **"Hidden Wealth"** Signed by Artist and his recent (June 2013) comments follow: " So, it is time to part with your images. It is always a challenge to sell a piece of art. You could try consigning with a gallery. I have seen my work on ebay and Kijiji. You could try an auction. You could donate it to a charity auction or gift it to some-

one who could use them. I'm sure you will find a good place for them. Just to give you an idea of value. I sold the last print of an image about 10 years ago for \$1100. Both your above perspectives are in that category. "Hidden Wealth" stands alone. There are none left, it is very rare. Hope this helps. It was great

to hear from you."

I believe this has greatly assisted in bringing me a "living" all of these years and have really enjoyed the benefits. The one, five, ten and twenty are now out of commission, so I imagine this

piece is a collector's item. Truly a MAGICAL piece of art, which is charged with ABUNDANCE attracting energy! It is beautifully framed and UNIQUE. WE WILL HAVE TO NEGOTIATE THE PRICE!
